To,
Visa Commissioner,
The UK.

Subject: Request to approve Visitor Visa application for the UK

Dear High Commissioner,

I, (Name), am exceedingly grateful for the privilege of presenting my proposal to visit the UK for your esteemed consideration. I am enthusiastic about applying for a UK Visitor Visa to facilitate my 7-day visit to the country. I have received an invitation from a friend who is currently residing in the UK, and I aim to relish some quality time with my friend.

PURPOSE OF VISIT AND RELATIONSHIP WITH THE INVITER

The principal objective of my visit to the UK is to reunite with my dear friend, (Name), who has cordially extended an invitation to me to visit him in his current abode in London, UK. Additionally, I am eager to embark on this journey to spend some quality time with my friend. As it has been half a decade since our last encounter, I harbour great aspirations of reconnecting with him by joining him for a few days in the UK.

AN INTRODUCTION TO MY FRIEND'S WHEREABOUTS

My companion, (Name), is currently residing in the United Kingdom, where he is employed at (Company Name) on a work permit visa. He has graciously offered me accommodation for the duration of my 10-day stay in the country at the aforementioned address. Additionally, my friend has kindly assumed the responsibility of providing me with all the necessary amenities, including but not limited to boarding, lodging, and other essential requisites.

WHY WILL I NOT OVERSTAY MY UK VISITOR VISA?

Professional ties – I am currently employed in the capacity of (Position) at (Company name), with a current annual remuneration of _____. I have garnered ample accolades and credibility during my tenure with the said organization, which impels me to remain steadfast and dutiful in the discharge of my responsibilities even after completing my visit to a friend. It is imperative for me to safeguard the professional achievements that I have painstakingly earned over time, and hence, I am resolute in my decision to return on the designated date without any undue delay.

Proprietorial and financial ties – The valuation of my family's financial resources currently stands at _____. Additionally, we possess agricultural and residential land with an aggregated worth of _____. It is imperative for me to maintain close vigilance over my landed assets, necessitating my proximity to them, which can only be ensured by my continued presence in India.

Family ties – My esteemed parents are domiciled in India, and being their only son, it is incumbent upon me to attend to their welfare, particularly in their advancing years. While cognizant of my close bond with my friend, who presently resides in the United Kingdom, my parents have concurred with my proposal to visit him and relish some quality time together. Nonetheless, it is my solemn obligation to return to my parental abode after the stipulated duration. The prolonged absence from my dear parents is an onerous burden for me to bear, and thus, I endeavour to expeditiously complete my sojourn in the UK and return to India to bestow upon my elders, with utmost affection and attention, the care and consideration that they truly deserve.

Immigration history – I have yet to venture beyond the borders of India, and my forthcoming trip to the United Kingdom will mark my inaugural sojourn to a foreign land. It is, therefore, my aspiration to adhere to all the regulations and guidelines during my stay, with the view to avoiding any untoward incidents that may impede my travels to other countries in the future, including the UK itself.

ASSURANCE OF MAINTAINING MYSELF ADEQUATELY IN THE UK

I hereby affirm that I shall comport myself with the highest standards of decorum during my sojourn in the United Kingdom. To substantiate this claim, I must emphasize that my employment serves as my exclusive means of sustenance, through which I shall bear the costs of my stay and defray all associated expenses while in the foreign land of the UK. As such, I pledge to abstain from any conduct that may imperil my prospects of re-entering the UK in the future.

OUR SPONSOR

I am the principal financier of my forthcoming trip to the United Kingdom, which encompasses all the expenses that I shall incur during my sojourn. While my friend shall sponsor my accommodation, all other aspects of my trip shall be my sole responsibility. My annual income stands at _____, which is more than sufficient to underwrite my expenditures while in the UK. Furthermore, my current account balance is _____, which shall prove to be of great assistance during my stay. I have enclosed all the pertinent financial records with this application, which attest to my capacity to defray all costs associated with my visit to the UK.
